

# IUOE HVACR-II

Heating, Ventilation, Air Conditioning, and Refrigeration - Level 2

## Ready for the Next Step in Your HVACR Career?

If you have completed HVACR-1, the IUOE has the course you need next.

- HVACR-1 - Why and How HVAC Systems Work
- **HVACR-2 - What to do When They Don't Work as Expected**

HVACR-2 is filled with practical, experience-based tips that help you:

Quickly get to the root of a problem

Confirm your findings

Implement solutions efficiently

Build great customer relationships

## Uniquely designed for real-world application!

This course is unique in the HVACR training world. It focuses on exactly what you need on the job. Just like real life, you will investigate problems, consider possibilities, and eliminate issues until you uncover the source of the problem. You will be able to tell exactly what happened and how to fix it.

You will even get to practice your skills with a set of interactive graphic novels: learning activities that test your skills and reward you with points for technical skills, time management, and customer relations.

By the time you finish the course, you will have the knowledge, skills, and confidence to become a top-notch Stationary Engineer.
